INTRODUCTION

This document sets out the requirements, advice and guidance for the End-Point Assessment (EPA) of the Senior Leader Level 7 apprenticeship standard. This document is designed for apprentices, employers and training providers involved within the End-Point Assessment of an apprentice studying Senior Leader Level 7.

An apprentice for Senior Leader Level 7 should typically spend up to 24 months on programme, although this may vary depending on previous experience.

This support pack is divided into sections covering all the relevant aspects of EPA for the Senior Leader Level 7.

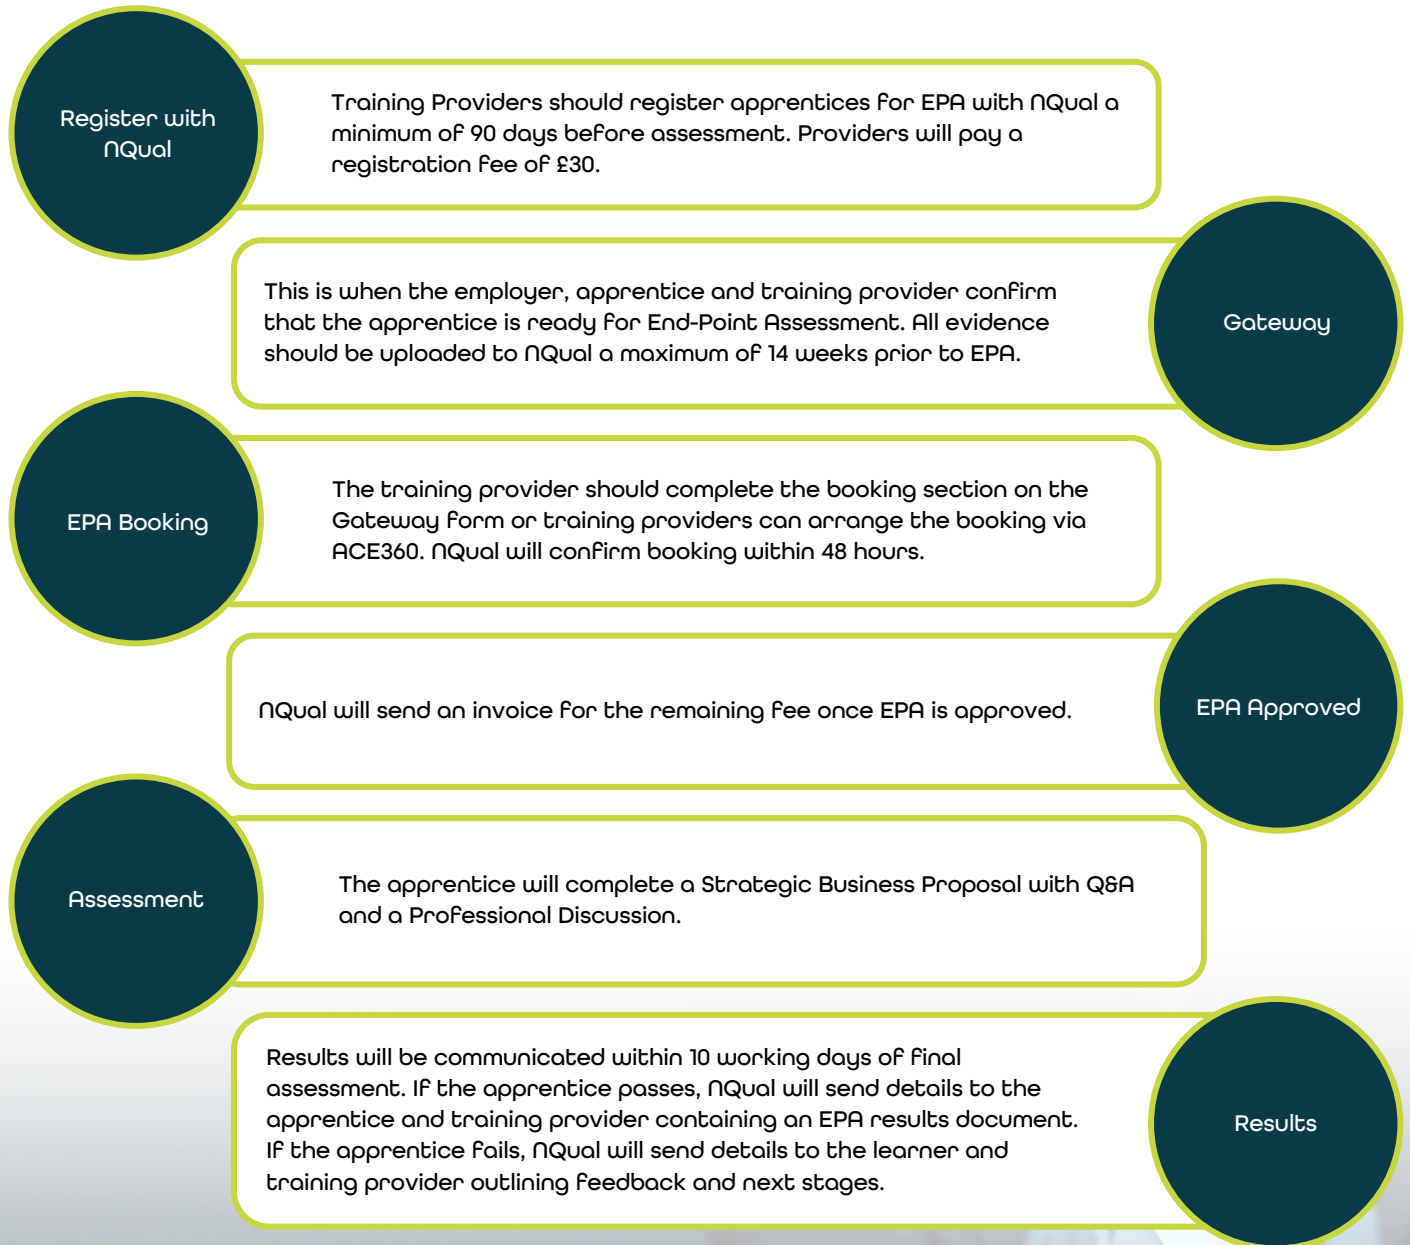

Should you require any further information other than the guidance in this document, please do not hesitate to contact admin@nqual.co.uk

Within this guide you will find references to End-Point Assessments. This information has been outlined in the Institute for Apprenticeships and Technical Education, Senior Leader Level 7 Assessment Plan. For reference, you can find this document.

EPA TIMESCALE

GATEWAY

This section outlines the requirements an apprentice must have met in order to complete their End-Point Assessment.

Once the employer is fully satisfied that the apprentice has the knowledge, skills and behaviours set out within this standard, the employer can formally confirm that the apprentice is ready for EPA via Gateway.

Gateway requirements for Senior Leader Level 7 outline the apprentice must have:

- **Achieved maths and English level 2**
- **Apprentice must submit a Portfolio of Evidence**
- **Apprentice must submit a proposal scope**

The Gateway form must be sent to NQual between 6-14 weeks before End-Point Assessment is carried out, along with the evidence listed above.

You can access the NQual Gateway form by emailing: admin@nqual.co.uk

*For those with an education, health and care plan or a legacy statement, the apprenticeships English and mathematics minimum requirement is Entry Level 3 and British Sign Language qualification are an alternative to English qualifications for whom this is their primary language

PORTFOLIO OF EVIDENCE

As part of the apprenticeship, apprentices are required to prepare a Portfolio of Evidence which will be developed on programme to demonstrate their practice in achieving the knowledge, skills and behaviours (KSBs) associated with the professional discussion.

The on-programme portfolio that will inform the Professional Discussion might include observations (key component of your portfolio), witness statements, Q&A, professional discussions, 360-degree feedback, product evidence, progress reviews, development plans (*please note that this is not an exhaustive list).

The submission should typically be 18 pieces of evidence.

COMPONENTS OF END-POINT ASSESSMENT

Strategic Business Proposal, Presentation with Q&A

The assessment method is the production of a Strategic Business Proposal, Presentation and Questioning. The Strategic Business Proposal must be undertaken after the apprentice has gone through Gateway.

Component One: Strategic Business Proposal

A Strategic Business Proposal involves the apprentice completing a relevant and defined piece of work that has a real business benefit.

This assessment method includes two components:

- An outcome component - a Strategic Business Proposal based on post-Gateway work
- A presentation with questioning to ensure the apprentice is assessed correctly against the KSBs which assigned to this assessment method.

Once the proposal scope is confirmed and accepted by NQual, apprentices have a maximum of 12 weeks to write and submit the Strategic Business Proposal and Presentation.

The Strategic Business Proposal's word limit is 4,000 words (+/-10% at the apprentice's discretion). This will exclude tables, graphs, figures, references, and annexes. It will ensure that the knowledge, skills and behaviours can be evidenced appropriately.

The Strategic Business Proposal must include evidence of board or senior leader sign-off for implementation, to ensure the assessment of S2, which must be included as an appendix so that this can be discussed during the presentation. This could be either an email, letter or similar written confirmation. The evidence provided must be valid and attributable to the apprentice and the strategic business proposal must contain a statement from the employer confirming this.

In order to ensure the Strategic Business Proposal is robust and sufficiently covers the knowledge, skills and behaviours it must include:

- An executive summary
- The scope of the strategic business proposal including key performance indicators.
- Objectives
- The Strategic Business Proposal which may include Gantt charts, risk / issue / mitigation, responsibility assignment matrix (RACI matrix)
- Financial budgeting and resources
- Proposed implementation of the Strategic Business Proposal including communications and stakeholder plans.
- Analysis of options identified in the Strategic Business Proposal
- Recommendations and conclusions
- Evidence of senior leader or board agreement to the implementation of the strategic business proposal

The Strategic Business Proposal must include, in addition to the word count, an annex showing how the strategic business proposal maps to all of the KSBs that are being assessed in this method. The apprentice should complete their Strategic Business Proposal unaided.

Component Two: Presentation with Q&A

The presentation with questioning involves the apprentice presenting to their Independent End-Point Assessor. Apprentices will prepare and deliver a presentation that appropriately covers the knowledge, skills and behaviours assigned to this method of assessment. The purpose of the questioning is to seek clarification of the strategic business proposal or presentation to assess those knowledge, skills and behaviours that the apprentice did not have the opportunity to demonstrate with the strategic business proposal, although these should be kept to a minimum. The presentation must be submitted at the same time as the strategic business proposal, within 12 weeks from

approval of scope. The Independent End-Point Assessor will have two weeks prior to the presentation to review the strategic business proposal.

The presentation will focus and expand upon the strategic business proposal and will allow the apprentice to cover the following:

- What are the intended outcomes and impact of the strategic business proposal?
- How have they undertaken the strategic planning?
- What was the rationale for the activities?
- Further recommendations for future growth and progress
- How they have negotiated with and influenced stakeholders

This component will take 60 minutes plus 10% if required. The presentation will typically last for 20 minutes and the questioning for 40 minutes. The apprentice will be asked a minimum of 6 questions at the end of their presentation with 2 questions from each of the themes in the grading descriptors.

The purpose of the questions will be for clarification and to assess the depth and breadth of understanding.

To deliver the presentation, the apprentice may need access to:

- Audio-visual presentation equipment
- Flip chart and writing and drawing materials

- Computer
- Any other requirements as notified to NQual on submission of the strategic business proposal and presentation

Professional Discussion Underpinned by a Portfolio of Evidence

The Professional Discussion is a two-way structured discussion between the apprentice and the Independent End-Point Assessor, this gives an opportunity to make detailed and proactive contributions to confirm competency across the knowledge, skills and behaviours that are required to be covered. It allows a range of examples to be brought forward during the conversation and ensures that excellence can be achieved and acknowledged.

The Professional Discussion will be appropriately structured to draw out the best of the apprentice's competency and cover the knowledge, skills and behaviours assigned to this assessment method. The Professional Discussion will last for 60 minutes, with a time increase of up to 10% at the discretion of the Independent End-Point Assessor.

The Professional Discussion will have a minimum of 8 questions.

The Portfolio of Evidence can be used in this assessment method to support responses from the apprentice. The portfolio must be provided at Gateway so that the Independent End-Point Assessor has time to review the contents.

END-POINT ASSESSMENT METHODS TABLE

The below highlights criteria that will be covered in each assessment component. Please review these details as it will provide guidance on what will be covered in each assessment component.

GRADING & CRITERIA

Assessments will result in the apprentice achieving a Fail, Pass, or Distinction. This decision is dependent on whether they have met the standard and its End-Point Assessment criteria.

In order to pass the overall End-Point Assessment, an apprentice must achieve a minimum of a Pass in both components to achieve a Pass overall. To achieve a Distinction, the apprentice must achieve all Pass and all Distinction criteria.

Grading results will be communicated to the apprentice within 10 working days of completion of the final component.

Assessment Breakdown

The final grade will be decided on the following combinations.

| Assessment Methods 1: Strategic Business Proposal, Presentation with Questioning | Assessment Methods 2: Professional Discussion Underpinned by a Portfolio of Evidence | Overall Grade |
|--|--|---------------|
| Fail | Any Grade | Fail |
| Any Grade | Fail | Fail |
| Pass | Pass | Pass |
| Distinction | Pass | Pass |
| Pass | Distinction | Pass |
| Distinction | Distinction | Distinction |

The Pass and Distinction descriptors can be found in the tables below separated into Strategic Business Proposal, Presentation and Q&A and Professional Discussion Underpinned by Portfolio of Evidence.

Re-sit / Re-take

If an apprentice Fails one or more component, they will be offered the opportunity to re-sit / re-take the component(s). It is then up to the apprentice's employer how many attempts an apprentice is given.

The timescale for a re-sit typically takes 3 months and a re-take 6 months (dependent on how much re-training is required). All assessment methods must be taken within a 6-month period, otherwise the entire EPA will need to be resat / retaken.

Where any assessment method must be re-sat or re-taken, the apprentice will be awarded a maximum EPA grade of Pass. Re-sits and re-takes are not offered to an apprentice wishing to move from Pass to a higher grade.

MOCK PROFESSIONAL DISCUSSION

It is the responsibility of the employer and training provider to complete Mock Professional Discussions with the apprentice and the responsibility of the apprentice to ensure they have practised answering questions for their End-Point Assessment.

Professional Discussion materials will be given to the training providers when registering learners with NQual.

A Mock Professional Discussion should take a maximum of 60 minutes (+/- 10%).
